How to find out your correct hat size. Use a tape measure to measure around your head:

- across your brow (approx. 1" above eye brows)
- slightly above your ears
- keeping the tape parallel to the floor
- this measurement is a "two-person" event and is nearly impossible to accurately do by yourself.

For best results, use a plastic or cloth tape measure.
Alternately, you may use a piece of string or cord and then measure the length of the cord.
