## **The Importance of Training:**

Most men can walk into a room of boys and be somewhat effective in teaching them, for a period of time. Soon you will run out of ideas, become frustrated and want to quit. How can you be effective teaching boys? You need to be trained. It has been said that "Knowledge is Power", and that is so true with boys.

Royal Rangers is a mentoring ministry for future men. You as a leader need to be well equipped to guide them on their journey to maturity in both life skills and in faith. A boy's regular interaction with godly men builds confidence and answers a boy's deepest question: "Do I have what it takes to be a man?" The young man arrives at the answer over a period of time as he regularly tests and compares his developing strength against that of other men. You are his "benchmark." Are you equipped to lead him into a godly manhood?

Take advantage of Royal Ranger training so that you can be effective to:  
"Reach, Teach and Keep boys for Christ."

### **Ranger Basics/Reloaded: \$25 Includes morning coffee, snacks & lunch**

This is a one-day hands-on experience that teaches how to run successful outpost meetings, how to use the Rangers curriculum and advancement system, and how to build healthy relationships with boys and young men. You also learn soul-winning techniques for evangelism.

### **Ranger Essentials/Renewed: \$25 Includes morning coffee, snacks & lunch**

This is a one-day, interactive-style training event. You will learn how to connect with today's boys, along with recognizing ministry needs and outreach opportunities. You will discover how to give life-changing devotions and how to mentor boys and young men into spiritual leaders.

This training is designed for all leaders, and a must for the new Rangers Ministry Academy. You should have the new Royal Rangers Leader Manual for class.

### **Emergency Preparedness: \$25 Includes morning coffee, snacks & lunch**

What is holding you back from preparing for an emergency? What is preparedness? It is assessing the hazards and potential dangers present in our daily lives and surroundings and taking proactive measures to mitigate any negative impacts to ourselves, families and friends. I consider my attitude toward preparedness as "positive paranoia". Instead of being frozen with fear, I seek out positive ways to mitigate threats. Having made the preparations I don't fear that disaster.

### **First Aid/CPR & AED: \$65 Includes morning coffee, snacks & lunch, 9:30am - 3:30pm**

This is a Red Cross course and includes demonstration and evaluation of the skills learned in a practical exercise in front of a live instructor.

### **Bonus Classes No Charge: Taxes & Rangers / Fundraising for Rangers**
